PPS WORKING GROUP

Joint Product, Program and Service Working Group to Address National Initiatives

The recently launched Product, Program, and Service (PPS) Working Group is tasked with improving the development and implementation of new and existing products, programs or services that are delivered nationally by AGC of America.

Chapter support and participation in nationally-developed offerings is imperative to the success of the entire AGC community, and the PPS Working Group will operate as the bridge between development at the national level and delivery at the local level.

The Working Group, consisting of AGCA staff and representatives from the Executive Leadership Council (ELC), is responsible for two levels of cooperation:

CARB RULE

- The vetting of new ideas and the review of existing national programs that are determined to have a broad, Chapter-wide impact.
- The development of strategies and recommendations that will increase the value of new or existing products, programs or services, to enable greater Chapter participation and improve delivery to Members.

PPS Working Group Forms Task Group on the State Law Matrix

The first project of the group is to address Chapter interest in the AGC State Law Matrix. A task group has been formed to discuss chapter interests and strategize on an action plan moving forward. Results from this task group will be provided following the groups first conference in February. This task group is co-staffed by Brian Perlberg, AGC's Senior Counsel, Contracts & Construction Law, and Mike Clowser, Executive Director, Contractors Association of West Virginia.
