HEALTH CARE

Webinar - What Impact Will the New Health Care Law Have on Construction Employers?

Save the Date: May 6, 2010 at 1:00 ET

Free for AGC Members and Chapters, this AGC webinar will detail the recently enacted health care bill and the sweeping changes to the delivery of health care in the United States. Focusing on the impact on employers in the construction industry as well as their responsibilities and requirements to offer health care benefits to their employees, AGC has partnered with a prestigious law firm experienced in this matter to analyze the impact of the bill on construction employers and suggest preparations that employers should begin implementing to comply with the new law.

Plus, AGC's chief economist, Ken Simonson, will close out the event with a preview of the impact the legislation will have on the demand for future health care construction.

The webinar will cover the following:

- new employer responsibility requirements
- new insurance reforms
- impact of tax changes
- wellness programs
- impact on collectively bargained employees
- impact on future health care construction

Registration:

AGC Members: FREE

Non-Member: \$79
