2011 ANNUAL CONVENTION

HEALTH CARE

Health Care Webinar Presentation & Audio Available

Last week AGC held a [webinar](#) on the [Impact the New Health Care Law Will Have on Construction Contractors](#). The webinar was designed for construction employers and construction HR professionals to learn about the Patient Protection and Affordable Care Act and how employers should prepare for it over the coming months and years. We were joined by two experts in labor law matters from the law firm of Littler Mendelson, Ilyse Schuman and Michelle Thomas.

The webinar service provider, WebEx, experienced server problems, which resulted in audio difficulties and many registrants were unable to hear the full presentation. AGC appreciated the frustrations this may have caused your members and sincerely apologize for the inconvenience. In an attempt to provide registrants with the valuable content and question and answer session that was presented last week, we made a clear recording of the presentation available to each registrant. You can listen and watch here: <http://www.agc.org/cs/health-care-20100506>. Additionally, you can [click here](#) for the power point presentation used during the webinar.

We were able to record questions that all registrants entered in the Chat and Q&A text boxes during the presentation and will begin answering as many of them as possible over the coming days at the same link. However, if your members still have a question please email them to youngj@agc.org.

For HR professionals, the program,ORG-PROGRAM-68472, was approved for 1.5 (General) recertification credit hours toward PHR, SPHR and GPHR recertification through the HR Certification Institute. For more information about certification or recertification, please visit the HR Certification Institute website at www.hrci.org. Please email woodsm@agc.org for all other continuing education requests.

We are addressing the issue with our service provider to ensure the success of future AGC webinars. [Return to Top](#) ↑
