### Contractor Candidate Portal

This year, contractors can view resumes and research candidates before the event through a new online portal.

Once registered, you'll receive a link to set up your company profile.

AGCMO is looking for members interested in hiring specifically painters, laborers and carpenters.

### Graduate Training Highlights

By graduation, ARC students will have completed:

- Multi-Craft Core Curriculum (MC3)
- OSHA-10
- First Aid / CPR

They also receive hands-on experience across union training centers and training in:

- Blueprints
- Flagger
- Tools and equipment
- Construction math
- Jobsite expectations and code of conduct

### Special Opportunity

Meet the ARC instructor Jenn Clark Bader, an electrician who is actively preparing students for real-world construction careers.
