SUBJECT ■ Mark Wieners Elected As a Director of the Air & Waste Management Association

ST. LOUIS, September 20, 2016 – Mark A. Wieners, a Registered Geologist with 13 years of experience with Shannon & Wilson in Saint Louis, has been elected as a director of the Air & Waste Management Association’s Greater St. Louis Section, which serves the Saint Louis and Metro East areas. During his two-year term, he will assist the Section in obtaining a better understanding of the issues related to such areas air pollution control, waste management, water pollution control and related environmental concerns. Mark lives in Barnhart, MO, with his wife, Pam, and their three children.

Shannon & Wilson is a 300-person, employee-owned, consulting firm recognized by the industry and their clients to be among geotechnical and environmental consulting leaders in the Saint Louis community and nationwide. In-house capabilities include environmental science, engineering, and geohydrology; geotechnical engineering and instrumentation; geology and geophysics; rock mechanics and underground engineering; and earthquake engineering. Founded in 1954, Shannon & Wilson is headquartered in Seattle, Washington.
